MONTHLY REPORT FOR THE MILITARY-SCIENTIFIC DIVISION

MONTH OF JUNE 1959

MR 6-59
2 July 1959

A. SUMMARY OF ACCOMPLISHMENTS:

1. SCIENTIFIC BRANCH

25X1

25X

- a. [redacted] presented JP 15/58 briefings for [redacted] on 23 June and [redacted] on 24 June. Both of these briefings were in the Army War Room in the Pentagon. 25X
- b. A great amount of branch effort was directed toward the destruction of classified materials no longer needed and a general cleanup and rearrangement of the area for future work.
- c. [redacted] accomplished a review of SI materials in the division file and made recommendations for the future custody and use of these materials in MSD.
- d. Several excellent movies were obtained from AEC this past month for the Scientific Branch. These movies dealt with various nuclear facilities in the U.S. and were shown to a joint group of CIA, Army, and Navy PI's interested in this field.

2. MILITARY BRANCH

25X1

25X

25X1

25X1

- a. Project work accounted for 41% of all Branch time during the month. Four projects were completed.
- b. [redacted] was TDY for two weeks at [redacted]
- c. [redacted] attended the monthly OSI/GM forum at Barton Hall.

3. EXPLOITATION ASSISTANT

a.

- b. On 11 June a trip was made to [REDACTED] to aid TSS in the procurement of a contract for making a stereogram cutter and a stereogram aperture card format.
- c. Five copies of the MSD aircraft key were reproduced, as a result of a requirement from the Navy, and two copies went to them via CCS.
- d. As part of the division reorganization the contents of all safes and map cases were consolidated or destroyed.
- e. A review of photographs and diagrams held in the AE collection file was made in order to select examples for the Nuclear Energy card file.
- f. With the help of analysts from the Military Branch a start was made in reorganizing the stereogram file by subject.

4. TRAINING

25X1

5. ADMINISTRATION AND PLANNING

- a. Considerable time and effort were spent in detailed planning and reorganizing division operations and the entire division

PIC [REDACTED]

PIC

MR 6-59

turned to effecting these changes. References and file materials were reviewed and consolidated and equipment moved to provide for more efficient working conditions.

25X1

- b. A briefing was held in the main conference room by [redacted] substituting for Mr. Lundahl. 25X1
- c. This month afforded an opportune time for annual leave which was taken advantage of by a number of the analysts.
- d. The following table shows the time usage expressed as a percentage of the total hours available to the division during June:

Project Time	32%
Consultation	2
Intelligence Maintenance	8
Administration	32
Training	6
Leave	<u>20</u>
TOTAL	100%

MONTHLY REPORT FOR THE MILITARY-SCIENTIFIC DIVISION

MONTH OF MAY 1959

MR 5-59
15 June 1959

A. SUMMARY OF ACCOMPLISHMENTS:

1. SCIENTIFIC BRANCH

- a. Project work accounted for 67% of the total hours available to the Branch. In the interest of completing certain projects as soon as possible, work has been concentrated on eleven projects; others previously assigned have been temporarily set aside.

25X1

- b. [redacted] gave a briefing for DDP personnel on 10 May 1959 on the findings of JP 15/58.

25X1

- c. On 20 May 1959, [redacted] assisted Dr. Scoville and [redacted] in a presentation of national estimates to [redacted]

25X1

- [redacted] and staff at the Pentagon. The presentation itself was given by Dr. Scoville and reflected OSI estimates in the nuclear energy field.

25X
25X

2. MILITARY BRANCH

- a. Project work accounted for 69% of all branch time during the month. Fourteen projects were completed, fourteen projects were assigned to analysts, and thirteen projects were carried forward.

- b. Leave, administration and training accounted for 24% of all Branch time during the month.

25X1

- c. [redacted] attended the monthly OSI/GM forum at Barton Hall.

- d. [redacted] attended the air show at Andrews AFB.

25X1

- e. [redacted] represented the branch at the OCR/IR trip to Pautuxent Naval Air Station.

3. EXPLOITATION ASSISTANT

The major activities engaged in were:

- a. A CBR briefing was given, with joint participation by the Army, on 14 May and repeated on 15 May. The briefing

SECRET

MR 5-59

compared domestic and foreign CBR proving grounds using stereo-projection techniques.

- b. One of the Mining and Milling reports was completed and sent to reproduction.
- c. Final changes in the A/C Key negs were made and the negs were sent to the lab for reproduction.

d.

25X1

- e. A flight plan to cover [redacted] and other intelligence targets in the southwest was worked out.

25X1

- f. The stereogram aperture card and cutter project was coordinated with TSS and plans were made to take up the problem with [redacted]

g.

25X1

4. TRAINING

- a. The details of training for the month of May 1959 are as follows:

(1) Agency Sponsored

25X1

MR 5-59

(2) Training Film - MSD and other components

- (a)
- (b)
- (c)
- (d)
- (e)
- (f)

(g) Conquest-The Sun; Re-entry from Space; The Moon-OUO-1 hour

- (h) Eyes of the Range - OUO)
- (i) What Goes Up Film Rept. #17-OUO)
- (j) Search Into Space Film Rept. #3-OUO) 2 hours
- (k) Trajectory Control Development Conf.)
- (l) The X-17 Story - OUO - 1/2 hour
- (m) The Atlas ICBM - On Target - OUO - 1/2 hour

TOTAL - $7\frac{1}{2}$ hours

25X1

(3) Internal Training

Briefing on BW/CW Comparative Study presented by MSD and Army - 14-15 May; $1\frac{1}{2}$ hours brief for approximately analysts

(4) OCR/IR Industrial Trip

- Field trip to Pautuxent Naval Air Station
on 12 May 1959

25X1

5. ADMINISTRATION AND PLANNING

a.

b.

25X1

c. conducted a briefing substituting for the Director and has also devoted considerable time in planning conferences.

25X1

MR 5-59

- d. The following table shows time usage expressed as a percentage of the total hours available to the division during May:

Project Time	68%
Consultation	1
Intelligence Maintenance	5
Administration	16
Training	3
Leave	<u>7</u>
